

## Workshop Preferences

The computer hands-on workshops are limited to 42 delegates. To ensure all delegates have an opportunity to attend a hands-on workshop please **choose only one hands-on workshop from the 8 on offer**. There will be an opportunity onsite to attend additional workshops should there be any available spaces. These will be allocated on a first come first served basis.

Monday 2 <sup>nd</sup> October (Morning)	
HS 1 - Multimodality imaging of the breast	
HS 2 - Multiparametric imaging of the prostate	
Monday 2 <sup>nd</sup> October (Afternoon)	
HS 3 - MRI of ovarian masses	
HS 4 - Hepatic lesions	
Tuesday 3 <sup>rd</sup> October (Morning)	
HS 5 - Pancreatic tumours	
HS 6 - Lung cancer staging: 8th edition update	
Tuesday 3 <sup>rd</sup> October (Afternoon)	
HS 7 - Uterine cancer	
HS 8 - Whole body MRI	

The live-case workshops are limited to 8 delegates per group

As the workshops run in parallel in the morning on Wednesday 4<sup>th</sup> October, only 1 live-case workshop can be attended per delegate. Please tick one chosen live-case workshop.

Meeting point for transport to the hospital at 8.30am in front of main entrance of Langenbeck-Virchow Haus. Delegates will be taken back to Langenbeck Virchow Haus for the lunchtime break.

Please note that an additional fee of €90 is required for registration for a live-case workshop.

	(Check only 1 box) €90
Transarterial chemoembolization (TACE) in HCC / liver metastases	
Radioembolization (SIRT)	
Microwave ablation of a pulmonary tumour in metastasis or small lung cancer	
Radiofrequency ablation of liver metastasis

## Cancer Imaging and Intervention: a Multidisciplinary Approach

International Cancer Imaging Society  
Meeting & 17<sup>th</sup> Annual Teaching Course

2<sup>nd</sup> - 4<sup>th</sup> October 2017

Langenbeck-Virchow Haus, Berlin, Germany

Highlighting the role of quantitative and functional imaging and the multidisciplinary management of oncology patients through:

- Plenary sessions focusing on state-of-the-art and advanced cancer imaging
- Interactive teaching sessions with audience participation
- Hands-on-workshops
- Practical problem solving
- Discussion of late effects of cancer therapy
- Structured reporting in cancer imaging
- Presentation of innovative research

### Learning objectives

To improve your knowledge of:

- Cancer staging
- Response assessment
- Side effects / complications of oncologic therapies
- Interventional radiology in oncologic patients
- Structured reporting
- Imaging protocols in cancer imaging
- Differential diagnosis of focal lesions

### Scientific Programme Planning Committee:

Stefan Diederich ICIS President (DE), Bernhard Gebauer (DE), Dow-Mu Koh (UK), Beth McCarville (US), Anwar Padhani (UK), Andrea Rockall (UK), Heinz-Peter Schlemmer (DE), Harriet Thoeny (CH)

## International Cancer Imaging Society

The Society was established in order to meet the important challenges of advancing imaging in the multidisciplinary management of cancer by promoting education in oncological imaging and stimulating research in the study of tumour behaviour.

The Society aims to bring together radiologists, nuclear medicine physicians and other specialists with an interest in oncological imaging for the exchange of ideas and to organise scientific meetings, multicentre research studies, and postgraduate courses within the field.

For further information please visit the Society website:  
[icimatingsociety.org.uk](http://icimatingsociety.org.uk)

## About the Course

The 17th annual course of our Society will focus on practically orientated education of cancer imaging through interactive teaching and the fostering of active learning. State of the art and novel quantitative and functional imaging techniques will be highlighted.

**Keynote lectures** highlight the challenges of precision medicine and the role of imaging in patients undergoing immunotherapy.

Individual learning is emphasised by **small group sessions, interactive workshops and computer based hands-on workshops** fostering active participation.

A unique feature this year are the **live-case workshops in interventional oncology**. Delegates will view oncologic interventional therapies such as transarterial chemoembolization (TACE), radioembolization (SIRT), percutaneous microwave ablation (MWA) and radiofrequency ablation (RFA) in small groups in Berlin hospitals on Wednesday 4<sup>th</sup> October. Transport from the conference venue will be provided. Early registration is highly recommended due to the limited number of places

A session entitled **cases we would like to read again** will present interesting oncologic cases reviewed with the benefit of hindsight.

There will be scientific sessions, dedicated to proffered papers, presenting research in the field of imaging in oncology. There will also be a poster exhibition and the best overall paper and poster will be awarded a prize.

This course is designed for all radiologists, radiation oncologists, medical oncologists and other specialists interested in the diagnosis and management of cancer patients.

The meeting will be held in the Langenbeck-Virchow Haus, Berlin, Germany.

Berlin is one of Europe's most vibrant capital cities, steeped in history and easily explored on foot, or by using the excellent public transport. It's the perfect destination to spend a few days exploring in early autumn. From the Reichstag to the majestic Brandenburg Gate, with myriad museums and a thriving art scene, as well as world class restaurants.

There will be a welcome drinks reception on Monday 2<sup>nd</sup> October, free for all those who attend the first day of our meeting.

The course party will be held on Tuesday 3<sup>rd</sup> October on the barge "Alexander von Humboldt", which will take us past many of Berlin's most iconic sights, while we enjoy a delicious buffet dinner, live saxophone player and DJ.

## 📄 Call for papers/posters

Submission of abstracts (no more than 250 words) for scientific papers and posters are invited.

**Submission is via the ICIS website:** [icimatingsociety.org.uk](http://icimatingsociety.org.uk)

Queries may be addressed to the ICIS Secretariat

**Email:** [admin@cancerimatingsociety.org.uk](mailto:admin@cancerimatingsociety.org.uk)

**Submission deadline: Monday 29<sup>th</sup> May 2017**

Abstracts selected for presentation will be published in the Proceedings of the 17<sup>th</sup> International Cancer Imaging Society meeting, given to all delegates and faculty. A downloadable version of your submission will be made available to our membership on the members only area of our website. Authors of selected abstracts will be notified after Friday 30<sup>th</sup> June 2017.

It will be obligatory for all scientific presenters to be members of ICIS at the time of presentation in Berlin. The annual membership fee of €95 will be added to the scientific presenters' fee at registration if current membership is not in place. Membership will run for one year from date of registration; all standard member benefits will apply.

## ✓ Accreditation

- For German delegates CME credits have been applied for.
- Royal College of Radiologists – delegates will receive 17 points in total for the three-day course. Monday 6 points, Tuesday 6 points, Wednesday 5 points.
- European Accreditation Council for Continuing Medical Education (EACCME) accreditation has been applied for. You will be able to generate your own certificate of attendance once you have completed our daily online feedback form.

## ! Important Information

**Reservations are subject to availability and will only be confirmed within one week of receipt of the fully completed registration form and full payment. A confirmation letter and further details will be issued on receipt of full payment.**

### Refunds

Refunds (minus an administration charge of €80) will only be made if written notification is received by 8<sup>th</sup> September 2017. Thereafter no refunds will be made.

### Travel information

**Air:** Berlin is served by two airports - Tegel International (TXL) is the city's principal airport serving the major carriers, whilst Schönefeld (SXF) is the secondary airport serving low-cost airlines. Both airports are well linked to the city centre via bus or train. Please see the ICIS 2017 meeting pages on our website for more details.

**Rail:** Berlin is served by ICE, InterCity, and EuroCity trains, and by the national German train network Deutsche Bahn. Together they offer connections from other German and major European cities.

### Accommodation

Details of accommodation offering special rates for ICIS delegates are available on the ICIS website. Delegates are responsible for making their own arrangements for accommodation and should book via the given web link. We strongly recommend you book early to secure the best rates.

## 🍷 Socials

A complimentary Welcome Reception will take place on Monday, 2<sup>nd</sup> October in the historic foyer and gallery of Langenbeck Virchow Haus. The Reception will take place after the last lecture.

We hope you will join us on Tuesday, 3<sup>rd</sup> October for a cruise on the barge "Alexander von Humboldt" which will take us along the River Spree, past many of Berlin's main attractions, while we enjoy a delicious buffet dinner.

Purchase your ticket while registering for the course on the ICIS website. Each ticket costs €65 and includes a three course dinner, a glass of sparkling wine, a half a bottle of wine and teas and coffees, a live saxophone player and DJ. During the cruise we will award prizes to our best posters and presenters. We hope to see you there!

## Society Journal

## Cancer Imaging

Cancer Imaging is our open access, peer reviewed journal with original articles as well as reviews and editorials. For full information about the journal, article submission and to read published articles, visit [cancerimagingjournal.com](http://cancerimagingjournal.com)

Tap into the most recent developments in all aspects of cancer imaging with the new **Cancer Imaging app**.

## 👥 ICIS Membership - Renew or join us now!

### Membership includes:

1. Discounted registration fees for the Annual Teaching Course & ICISi Masterclass Workshops
2. Access to posters & selected lectures presented at the 2015 & 2016 Annual Teaching Courses
3. Members' Forum, providing a platform for you to discuss hot topics in oncological radiology or interesting cases, with other ICIS members and with the ICIS Fellowship
4. 20% discount on article-processing fees for our journal Cancer Imaging
5. 20% discount on CRC Press radiology and oncology publications
6. Emailed regular newsletters featuring the latest news from the Society and Journal
7. Priority registration for ICISi Masterclass Workshops

Membership is open to all individuals with an interest in cancer imaging for only €95 a year. Just tick the box on the registration and payment form, and include the fee of €95 with your payment. You will make an immediate saving of €58 on the annual course; attend an ICISi workshop and you will save a further €57.

## ☰ Short Overview

### Venue

Langenbeck-Virchow Haus, Luisenstraße 58, 10117, Berlin, Germany

### Date

Monday 2<sup>nd</sup> – Wednesday 4<sup>th</sup> October 2017

### 2 Keynote lectures

- Cancer imaging in the era of precision medicine
- Immunotherapy: imaging redefined

### 11 Main sessions

- Structured reporting and decision support
- Precision medicine
- Prostate: when to treat
- Lung cancer update
- Response assessment
- Radiogenomics in female cancer
- ICIS Gold Medal presentation
- Liver: how to image
- Side effects of medical therapy
- How to diagnose focal liver lesions
- Pancreatic tumours
- Cases I would like to read again

### 14 Break-out sessions

- Head and neck
- Delineation of tumour and normal tissue. *In association with DEGRO*
- Interventions: percutaneous and intraoperative
- Side effects of radiation therapy. *In association with DEGRO*
- MR-guided radiation therapy. *In association with ESTRO*
- Assessing therapy response. *In association with DEGRO*
- Interventions: percutaneous
- Interventions: vascular
- Female pelvis
- Malignant lymphoma
- Metastatic disease
- Paediatric tumours
- Kidney and adrenal
- Contrast-enhanced ultrasound

### 8 Computer hands-on workshops

- Multimodality imaging of the breast
- Multiparametric imaging of the prostate
- MRI of ovarian masses
- Hepatic lesions
- Pancreatic tumours
- Lung cancer staging: 8<sup>th</sup> edition update
- Uterine cancer
- Whole body MRI

### 4 Live-case workshops

- Transarterial chemoembolization (TACE) in HCC / liver metastases
- Radioembolization (SIRT)
- Microwave ablation of a pulmonary tumour in metastasis or small lung cancer
- Radiofrequency ablation of liver metastasis

### 4 Scientific paper sessions and poster exhibition

Prizes for the best oral presentations and best posters will be awarded at the course party on Tuesday evening.
