This Masterclass in the Imaging of Prostate Cancer is a one-day workstation based teaching course. **Classrooms are limited to 20 delegates, each with their own computer.** The course will which will review PI-RADS interpretative guidelines for multiparametric prostate MRI for disease detection. The roles for multiparametric prostate MRI in the management of low to high risk prostate cancer will be highlighted.

- Mentored case-based learning of 35 – 40 cases
- Each case chosen to illustrate specific learning points
- Detailed workbook and course material to take home

☰ Learning objectives for this course

- To apply the PI-RADS classification system for suspected prostate cancer.
- To learn how multiparametric MRI (mpMRI) promotes the diagnostic pathway.
- To appreciate the role of mpMRI for supports active surveillance in lower risk patients.
- To appreciate the management roles of mpMRI in higher risk prostate cancer patients.

✓ CPD

Attendees will receive a certificate showing 6 (category 1) CPD points awarded by the Royal College of Radiologists.

👤 Faculty

Diagnosis and characterisation using mpMRI* - Prof. Heinz-Peter Schlemmer, German Cancer Research Centre, Heidelberg (DE)

PIRADS interpretation: How to do it - Prof. Jurgen Futterer, Radboud University Medical Center, Nijmegen (NL)

mpMRI in active surveillance - Prof. Anwar Padhani, Mount Vernon Cancer Centre (UK)

mpMRI in intermediate & high risk disease - Dr Giuseppe Petralia, European Institute of Oncology, Milan (IT)

£ Registration Fees

ICIS members (includes coffee/tea & lunch): £335 per person

Non-members (includes coffee/tea & lunch): £385 per person

🔄 How to Register

Register online by going to icimagingsociety.org.uk and clicking the ICIS interactive on Prostate Cancer link on our home page.

Or

Download the form on the reverse and post to: ICIS, 41 Waddington Way, London, SE19 3UB.

Please complete all registration details and indicate payment option. **Full payment must be received by 18th April 2018.**

Registration will not be confirmed until full payment has been received.

👥 ICIS Membership

ICIS membership is open to all individuals with an interest in cancer imaging for only £80 per year. Join ICIS today and benefit from reduced registration fees at ICIS teaching courses. Other membership benefits include:

- Discounted registration fees for the Annual Teaching Course and ICIS interactive one day workshops
- Access to 30+ lectures from ICIS 2017, as well as all our scientific and educational posters
- 15% discount on article processing fees for our journal Cancer Imaging
- Save 20% on CRC Press radiology and oncology publications

! Important information

Reservations will only be confirmed on receipt of fully completed booking form and full payment.

A confirmation letter will be issued on receipt of full payment.

Reservations are subject to availability and will be confirmed within one week from receipt of completed booking form and full payment.

Refunds (minus an administration charge of £70) will only be made if written notification is received by 1st April 2018. Thereafter no refunds will be made.
