Online Learning

Masterclass in Oncological Whole-Body MRI

Friday 9 July 2021

icimagingociety.org.uk

Society Corporate Supporters

This ICISi Masterclass will be delivered online as a one-day workstation based teaching course, highlighting the application of WB-MRI in cancer. Participants must have access to two screens for the duration of the course. As this is an **interactive** course, we ask that you join using a device with a camera to achieve the optimum experience. Please refer to the joining instructions for full details of screen requirements (see the ICIS website for details).

This course is designed for radiologists interested to learn the daily application of WB-MRI in clinical practice. With modules on disease screening, myeloma, breast and prostate cancers, attendees will become familiar with the emerging roles of the technique for cancer management. Our expert teachers have extensive clinical experience of WB-MRI, will provide image interpretation guidance, as well as showing benefits for both precision health and oncology.

Learning objectives

- To learn how to perform and read WB-MRI scans for disease detection and response assessment.
- To understand how WB-MRI can help maintain health by early disease detection and disease characterisation.
- To discuss guidelines and benefits of WB-MRI in multiple myeloma.
- To discuss benefits of WB-MRI in prostate and breast cancer assessments compared to conventional imaging and PET/CT techniques.

Key Features

- Mentored case-based learning of more than 30 cases
- Each case chosen to illustrate specific learning points
- A detailed workbook containing all cases to be discussed will be posted to your specified address before the course to enhance the learning experience

Course Programme*

08:30 Technical test session for delegates

09:10 Welcome and introduction

09:15 Session 1
• Protocols, Normals, Screening

11:00 Break

11:15 Session 2
• WB-MRI in Myeloma

13:00 Lunch

14:00 Session 3
• WB-MRI in Breast cancer

15:45 Break

16:00 Session 4
• WB-MRI in Prostate cancer

17:45 Close

* Times shown as BST

Faculty

Prof. Dow-Mu Koh
The Royal Marsden Hospital, UK

Prof. Giuseppe Petralia
European Institute of Oncology,
University of Milan, Italy

Prof. Anwar Padhani
Mount Vernon Cancer Centre, UK

Dr. Nina Tunariu
The Royal Marsden Hospital, UK

Dr. Christina Messiou
The Royal Marsden Hospital, UK

Registration Fees

ICIS members
£347 per person

Non-members
£387 per person

How to Register

Register online by going to icimatingsociety.org.uk and 'Online Courses' pages.

Or

Download this form and post to:
**ICIS, 41 Waddington Way,
London, SE19 3UB.**

Please complete all registration details.

**Full payment must be received by
10 June 2021.**

Registration will not be confirmed until full payment has been received.

CPD

Attendees will receive a certificate with 7 CPD credits awarded according to the CPD scheme of the Royal College of Radiologists.

ICIS Membership

ICIS membership is open to all individuals with an interest in cancer imaging for only £80 per year. Join ICIS today and benefit from reduced registration fees at ICIS teaching courses. Membership benefits include:

- Discounted registration fees for the Annual Teaching Course and ICIS interactive one day workshops
- Access to our Members only section of the website where you can view our webinars, lectures from previous meetings, as well as all our scientific and educational posters.
- 20% discount on article processing fees for our journal Cancer Imaging
- Save 20% on CRC Press radiology and oncology publications

Important information

Reservations will only be confirmed on receipt of fully completed booking form and full payment.

A confirmation letter will be issued on receipt of full payment.

Reservations are subject to availability and will be confirmed within one week from receipt of completed booking form and full payment.

Refunds (minus an administration charge of £70) will only be made if written notification is received by 10 June 2021. Thereafter no refunds will be made.
